"Notice of Violation" dated February 27, 2015 Permit No. 2608-
CDLF

Mr. Drew Hammonds, Environmental Senior Specialist

Dear Mr. Hammonds:

Fort Bragg received the Notice of Violation (NOV) regarding Permit No. 2608-CDLF, by email on February 27, 2015. The NOV states Fort Bragg must be in compliance with 15A NCAC 13B.0542, the permit to operate Phase II of the Lamont Landfill and the Lamont Landfill Operations Plan by March 19, 2015.

Although landfill operators have been working to correct violations identified since the February 5, 2015 inspection, the adverse weather has slowed progress on items that require stabilization and seeding. Record keeping and administrative items have been corrected. Fort Bragg requests an extension to May 1, 2015, personnel and funds are available, to correct deficiencies affected by weather delays of excessive rain and freezing temperatures.

If you require additional information, please contact Mr. Sidney Williamson, at (910) 977-2502 or sidney.d.williamson.civ@mail.mil.

Sincerely,

Gregory G. Bean
